

## English Club

Tutor: Jor Wing-yan

### Aims :

The English Club is dedicated to promoting the use of English throughout LKKC's campus through a variety of English activities. We actively encourage students' participation in our fun activities, visits, competitions and the school's English Festival, from which not only can our students maximize their exposure to the language outside the classroom but they can also enjoy practicing the language with great fun and confidence!

### Activities Held :

Dedicated to the promotion of English in our campus, we are the student co-ordinating team organizing a variety of school activities every year, such as F1 Fun Day, English Festival and stall games in Lunar New Year Fair. We also offer lunchtime song dedication, movie appreciation and oral games to our club members and all other students at school. It is our belief that English should not only be an exam subject but a lively language to be used and practiced in an enjoyable way on an everyday basis!
