LKKC,
The place to be.
Grows towering trees,
Grooms bumblebees.
Why would you flee?
It's full of glee.
All are very happy.

Devoted teachers made students strive,
Prestigiousness at its finest;
Infinite desires to thrive,
Our futures are the brightest.
What could go amiss with education,
When you have the chance to attend school?
As it gives you good foundation,
Which makes you less of a fool.
LKKC could never be described as old,
But a mature academy.
Forty, as the secret unfold,
Beehive, is our analogy.
Now I wish a delightful 40th anniversary,
Let's make the school unite like a fraternity.

4B Zita Lee

LKKC is now forty,
Strive in the journey.
Thousands of starry nights we spend,
Is to make our experience grand.
As we bond,
Our youth grows strong.
Education is indispensable,
And that's why we are all incredible.

6C Bosco Cheung

Love diffuses in air and anywhere
Kissing the joyful memories we
share
Keeping our passion for learning
Contributing its everything.
Happy 40th Anniversary!

*One, two, three...
Ten, twenty, forty...
Overcoming challenges to reach
somewhere higher,
The future of LKKC will be
surely brighter.*

4D James Lam

*Thousands of flying flags, miles of rosy
road.
Forty years of shining star, cheers of
gorgeous goal.
High and low,
Stone and gold,
Stride and steer and refresh the old.*

4D Neville Yeung

*40 years of education;
Definitely worth the celebration.
Everyone gives a round of ovation;
To offer our principal, teachers and staff the biggest acclamation!*

4C Alvin Keong

*Celebration with joyful memories,
Devotes itself to bring bright prosperity.
Rewrites the lives of thousands in its 40 years of glorious history,
Recall, on this anniversary day, the precious experience of you, me and our secondary.*

Student Contribution

4A Joyce Li

*Many more years down the line
I hope to see you're doing fine

Many students come and go
and yet you neither weep nor woe

As LKKC students come and stay
and we rejoice along the way*

6D Issac Lau

*LKKC 40th anniversary
The school of creativity
Working hard passionately
Making future successfully*

6C Calvin Chan

*Lkkc, our sweet lovely school,
Kingdom of knowledge, where we learn and grow.
Keep up the good work and strive for our best,
Champions we are, success is waiting tomorrow.*

6C Michelle Pang

School

*From woods to houses,
From caterpillars to butterflies,
From teenagers to adults.
Being our factories,
Our tropical forests,*

*Our society.
You taught us a lot.*

*From knowledge to thought,
From the sky to the sea,
You taught us to see,
to feel
so that we won't get easily ill.*

*I believe,
our contribution to the society
would be the greatest present
for your 40 years of success.*
